He knew that he needed to get a grip on himself. But he could not keep his breathing slow and deep, couldn't remember any of Zedd's other foolproof methods of self-control, couldn't recall a single useful meditative technique.. Raised by a father to whom any form of amusement

was blasphemy, Agnes had never seen a magician perform until she was nineteen, when Joey Lampion, then her suitor, had taken her to a stage show. Rabbits plucked out of top hats, doves conjured from sudden plumes of smoke, assistants sawn in half and mended to walk again; every illusion that had been old even in Houdini's time was a jaw-dropping amazement to her that evening. Now she remembered a trick in which the magician had poured a pitcher of milk into a funnel fashioned from a few pages of a newspaper, causing the milk to vanish when the funnel, still dry, was unrolled to reveal ordinary newsprint. The thrill that had quivered through her that evening measured 1 on the Richter scale compared to the full 10-point sense of wonder quaking through her at the sight of Barty as dry as if he'd spent the afternoon perched fireside. "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion." Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read. Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind, Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?" Dinner arrived, and Tom persuaded Celestina and Grace to come to the table for Angel's sake, even if they had no appetite. After so much chaos and confusion, the child needed stability and routine wherever they could be provided. Nothing brought a sense of order and normality to a disordered and distressing day more surely than the gathering of family and friends around a dinner table. He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly. From time to time, he halted, leaning against the walker as if in need of rest. He took care occasionally to grimace-convincingly, not too theatrically---and to breathe harder than necessary. To become a physical therapist, Junior had taken more than massage classes, so he knew what hematemeses meant. Hematemesis: vomiting of blood. Indeed, Junior suspected that they might be here at Vanadium's urging. The cop would be interested in determining how avaricious the mourning husband would prove to be when presented with the opportunity to turn his wife's cold flesh into cash. "Maybe because we didn't want to be called witches," said Obadiah with a smile, "and give folks one more reason to hang us." When he was baking, the world seemed to be a less dangerous place. Sometimes, making a cake, he forgot to be afraid. Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics. Entering the bedroom, Junior had expected to cast aside his pistol and draw a knife. But he was no longer in a mood for close-up work. Fortunately, he'd managed to hold on to the gun. "That's just ... an old joke," she heard herself saying, as from a distance. "You didn't really walk between the drops?" A pianist or saxophonist could go a long way on his talent and self instruction, but a would-be stage magician eventually needed a mentor to reveal the most closely guarded secrets of illusion and to help him master the skills of deception needed for the highest-level prestidigitation. In a craft practiced almost exclusively by white men, a young man. He sat on the edge of the bed and held her right hand. She had passed away such a short time ago that her skin was still warm. Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you." Six captain's chairs encircled the big round table, one for everybody, including Agnes, but only Paul and Barty stayed seated. The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words-or work of art-could adequately describe, but never more than now. Once in a while, however, he reverted to his roots, to the food that gave him comfort. Thus, the cheeseburger and its decadent accoutrements. A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life. In the kitchen, he sat her in a chair and let her slump forward over the breakfast table. With her arms folded, with her head on her arms and turned to one side, she appeared to be resting. Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature." If Vanadium appeared among these men, Junior would not only puke out the contents of his stomach, but also would disgorge his internal organs, every last one of them, and spew up his bones, too, until he emptied out everything within his skin. By ones and twos, the festive crowd eventually deconstructed, but for Celestina, an excitement lingered in the usual gallery hush that rebuilt in their wake. "Can't pay us as well as Losen does. But we could live," Otter argued. No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2. He was filled with bitter remorse for having suspected Naomi of poisoning his cheese sandwich or his apricots. She had in fact adored him, as he had always believed. She would never have lifted a hand against him, never. Dear Naomi would have died for him. In fact, she had. The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch. Alone again with Wally, Celestina said, "They told me that once you regained consciousness, I can only visit ten minutes at a time, and not that often, either." "Did he say I'd met him?" Jacob asked, squinting past Edom toward the bright sunlight at the open door. "It totally destroyed four towns, as if they were hit by atom bombs, tore up parts of six more towns, destroyed fifteen thousand homes. That's just the homes. This thing was black, huge and black and hideous, with continuous lightning snapping through it, and a roar, they said, like a hundred thunderstorms booming all at once." Having booked the suite for three nights, Tom expected that he would spend far fewer late hours in his bed than sitting watch in the shared living room. She tried to raise her right hand, but it flopped uselessly and would not respond. As Junior paced the hotel room, his fear made way for anger. All he wanted was peace, a chance to grow as a person, an opportunity to improve himself. And now this. The unfairness, the injustice, galled him. He seethed with a sense of persecution. Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke. When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite. Wait here in the car. Give them time to settle down. At this hour, they would put the kid to bed first. Then Ichabod and

Celestina would go to their room, undress for the night..The sound-suppressor didn't render the pistol entirely silent, but the three soft reports, each like a quiet cough muffled by a hand, wouldn't have carried beyond the hallway."That's right," Celestina told Wally. "This isn't wagering. What's wrong with you?".Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Orwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese..".Agnes knew now why this prognostication had dismayed rather charmed her: If you dared to believe in the good fortune predicted he cards, then you were obliged to believe in the bad, as well..The musician's bird-sharp gaze grew dull. His pink tongue protruded from his mouth, like a half-eaten worm..They agreed that to the outside world, Barty must continue to appear to be a sightless man-or otherwise either be treated like a freak or be subjected, perhaps unwillingly, to experimentation. In the modern world, there was no tolerance for miracles. Only family could be told of this development..The kids insisted on knowing what was meant by the line about the chicken, and this led to the laying of a coopful of Why-did-the chicken-cross-the-road jokes, which Edom and Jacob had memorized in childhood as an act of rebellion against their humorless father..Already, he was up two hours past his bedtime. In recent months, he'd exhibited the more erratic sleeping habits of older children. Some nights, he seemed to possess the circadian rhythms of owls and bats; after being sluggish all day, he suddenly became alert and energetic at dusk wanting to read long past midnight..She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..As shaken as she had been at Phimie's side, she couldn't trust her memory. Perhaps she hadn't seen what she thought she'd seen..No scent of gasoline fouled the air. Apparently, the tank had not burst. Sudden immolation seemed unlikely-but only an hour ago so had Joey's untimely death..Still seeking some missing fact, some insight that would help him understand the maniac's Bartholomew obsession, Tom asked more questions until Celestina suddenly realized and revealed what might be the information that he sought: Cain's perverse insistence on playing the reverend's taped rough draft of "This Momentous Day" throughout his long assault on her sister..Even though he now knew what a hateful person the nurse was, he remained strongly attracted to her. He was not the kind of man, however, who would take advantage of an unconscious woman..He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one..As though stirred by static electricity, the fine hairs on the backs of Tom's hands quivered, and a current of expectation coursed through him..Scowling, Joey stared at the floor in puzzlement, shifted his weight from one foot to the other, sighed, turned his attention to the ceiling, and shifted his weight again, for all the world like a trained bear that couldn't quite remember how to perform its next trick..An unfortunately bumpy ride for the deceased: along the hallway, through the foyer, across the entry threshold, down the porch steps, across a lawn dappled with pine shadows and yellow moonlight, to the graveled driveway. No complaints.
