Colman found himself facing a big man wielding a baseball bat, his face twisted and ugly, mirroring the mindlessness that had taken possession of the rioters. The man swung the bat viciously but clumsily. Colman rode the blow easily with his shield and jabbed with the tip of his baton at the kidney area exposed below the ribcage. His assailant staggered back with a scream of pain. Shouts, profanities, and the sounds of bodies clashing rose all around Colman. Something hard bounced off his helmet. Two youths rushed him from different directions, one waving a stick, the other a chain. Colman jumped to the side to bring the two in line for a split second's cover, feinted with his baton, then sent the first cannoning into the second with a shove from his shield with the full weight of his shoulder behind it, and both rioters went down into a heap. Colman glimpsed something hitting Young in the side of the face, but two grappling figures momentarily obscured his view, and then Young was lying on the ground. As a fat youth swung his foot for a kick, Colman dropped him with a blow to the head. "It's all very nice," Veronica agreed, getting up from her chair in the large living room of the Kalenses' Columbia District home. 'Tm sure you'll find somewhere wonderful." Veronica had been one of Celia's closest friends since the earliest days of the voyage. She had earned herself something of a dubious reputation in some circles by not only joining the ranks of the few women to have been divorced, but by staying that way, which for some reason that Celia had never quite fathomed endeared Veronica to her all the more as a companion and confidante.. "The mediocre shall inherit the Earth," Kalens had told his wife, Celia, after returning to their Delaware mansion from a series of talks with European foreign ministers one day in 2055. "Or else, eventually, there will be another war." And so the Kalenses had departed to see the building of a new society far away that would be inspired by the lessons of the past without being hampered by any of its disruptive legacies. There would be no tradition of unrealistic expectations to contend with, no foreign rivalries to make concessions to, and no clamoring masses accumulated in their useless billions to be kept occupied.
