For a while he enjoyed being challenged to figure the number of seconds elapsed since a particular historical event. Given the date, he did the calculations in his head, providing a correct answer in as little as twenty seconds, rarely taking more than a minute..Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby..Her special son, walking where the rain wasn't, had made all things seem possible..Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends..According to his wristwatch, the time was 9:05 in the morning on this momentous day..The 9-mm pistol and the ammunition were on the foyer table. With trembling hands, Junior tore open the boxes and loaded the gun..Aside from purchasing the T. S. Eliot book, which he hadn't found time to read, Junior was only peripherally aware of current events, because they were, after all, current, while he tried always to focus on the future. The news of the day was but a faint background music to him, like a song on a radio in another apartment..He had been stowed in a storeroom of one of the old palaces that Losen had appropriated. It had no window, its door was cross-grained oak barred with iron, and spells had been laid on that door that would have kept a far more experienced wizard captive. There were men of great skill and power in Losen's pay. Hound did not consider himself

to be one of them. "All I have is a nose," he said. He came daily to see that Otter was recovering from his concussion and dislocated shoulder, and to talk with him. He was, as far as Otter could see, well-meaning and honest. "If you won't work for us they'll kill you," he said. "Losen can't have fellows like you on the loose. You'd better hire on while he'll take you." Mary had a yellow vinyl ball of the type Koko would happily chase all day and, if allowed, chew all night, keeping the house awake with its squeaking. "Want this?" she asked Koko. Koko wanted it, of course, needed it, absolutely had to have it, and leaped into action as Mary pretended to throw the ball. Sitting at the desk, Celestina phoned her parents again. She shook uncontrollably, but her voice was steady. Otter shrugged. Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish. Chicane packed the ice against Junior's thighs. "Severe spasm causes inflammation. Twenty minutes of ice alternating with twenty minutes of massage, until the worst passes." If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls. In his right hand again, the real gun, loaded with ten hollow-point rounds, felt charged with supernatural power: to Bartholomew as a crucifix to Dracula, as holy water to a demon, as kryptonite to Superman. After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number. He got behind the wheel of the Studebaker, started the engine, did a hard 180-degree turn, using more lawn than driveway, and cried out in terror when Vanadium moved noisily in the backseat. The next thing he knew, he was at the kitchen sink, turning off the water, which he couldn't remember having turned on. He appeared to have washed the bloody candlestick—it was clean—but he had no recollection of this bit of housekeeping. Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment. Junior put the money on the desk. "Then get into the records of Family Services." He hadn't lied to his mother. She assumed that by some quantum magic, he had regained his sight permanently, and that this came with no cost. He merely allowed her to go to her rest with the comforting misapprehension that her son had been freed from darkness. Regrettably, at 2:00 A.M., February 28, waking alone in Tammy's bed, Junior sought her out and found her snacking in the kitchen. Forsaking a fork in favor of her fingers, she was eating a Nolly shook his head, setting a cotillion of warts and moles adance on his pendulous cheeks. "Ask any adoptee who, as an adult, has tried to team the names of his real parents. Easier to drag a freight train up a mountain by your teeth." holding hands as they watched John Wayne in The Searchers, David Niven in Around the World in 80 Days. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. He turned over the two most recent discards. Neither was a jack of spades, and both were what he expected them to be. A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life. Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun. Agnes Lampion would enthrall them, for hers was a life of clear significance. That they seemed equally interested in Paul's story, however, surprised him. Perhaps they were merely being kind, and yet with apparent fascination, they drew out of him so many details of his long walks, of the places he had been and the reasons why, of his life with Perri. "I'm a less philosophical sort than Kathleen," Nolly said, "so what I've been wondering is where you learned the tricks with the quarter. How is it you're priest, cop-and amateur magician?" Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting. He bought knives. And then sheaths for the knives. He acquired a knife-sharpening kit and spent the evening grinding blades. "I'm Sister Josephina." She slipped Celestina's purse off her shoulder—"You can trust this with me". When the third knave of spades appeared, Edom said to Maria, "What kind of enemy does three in a row describe?" Barty read aloud as Agnes drove, because she'd enjoyed the novel only from page 104. He wanted to share with her the exploits of Jim and Frank and their Martian companion, Willis. "It's partly that," she agreed. "But originally, Daddy wanted Phimie to tell, so the man could be charged and prosecuted. Though he's a good Baptist, Daddy isn't without a thirst for vengeance." The adoption records on Seraphim White's baby weren't sealed by law, because custody of the child was being retained by family. According to the newspapers, the police also credited him with the murders of Naomi, Victoria Bressler, and Ned Gnathic (whom they had connected to Celestina). He was wanted, too, for the attempted murder of Dr. Walter Lipscomb (evidently Ichabod), for the attempted murder of Grace White, and for assault with intent to kill Celestina White and her daughter, Angel, and for the assault on Lenora Kickmule (whose foxtail-bedecked Pontiac he had stolen in Eugene, Oregon). So Barty and Tom just happened to be chatting about a quantum physicist they had seen on a television program, a documentary about the uncanny resonance between the belief in a created universe and some recent discoveries in quantum mechanics and molecular biology. The physicist claimed that a handful of his colleagues, though by no means the majority, believed that with a deepening understanding of the quantum level of reality, there would in time be a surprising rapprochement between science and faith. to believe that any man with such a hard gut slung over his belt, with a bull neck. On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a ea woman. "All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be." He woke several times that night, instantly alert for a ghostly serenade, but he heard no otherworldly crooning. Grace dropped the phone. Harrison let the frosting knife slip out of his fingers. As Wally followed them inside, Celestina grinned at him. "From the car to the living room, all as neat as a well-practiced ballet. We've got a big headstart on this married thing." This morning, only his love for his sister, Agnes, gave him the courage to drive and to become the pie man. Alarm contacts gleamed in the header, but the system wasn't currently activated. But first, in early July, he stopped taking French lessons. It was an impossible language. Difficult to pronounce. Ridiculous sentence constructions. Anyway, none of the good-looking women he met spoke French or cared whether he did. In recounting the fortune-telling session, Agnes had not told the magician about the four jacks of spades, only about the aces of diamonds and hearts. She never wore her worries for

anyone to see; and though she had made a joke of the appearance of the fourth knave on Friday, Edom knew that it had deeply troubled her..How ironic it would be if Celestina, the aunt of Seraphim's bastard boy, proved to be the heart mate for whom Junior had been longing through the past few years of unsatisfying relationships and casual sex. This seemed unlikely, considering the jejune quality of her paintings, but perhaps he could help her to grow and to evolve as an artist. He was an open-minded man, without prejudices, so anything could happen after the child was found and killed.. "Only for a little while. Then he is joining me at the gallery, and after the show's over, we're having dinner together."..From childhood, Celestina was encouraged to be confident that life had meaning, and when she'd needed to share that belief with Dr. Lipscomb as he struggled to come to terms with his experience in the operating room, she'd done so without hesitation. Strangely, however, she herself was having difficulty absorbing these two small miracles..After using a paring knife to section and core an apple, Paul withdrew a sheet of stationery from his desk and uncapped a fountain pen. His penmanship was old-fashioned -in its neatness, as precise and appealing as fine calligraphy. He wrote: Dear Reverend White ....The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess..When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite..Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty.. "Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided all loyalties. No commonwealth was left and no justice, only the will of the wealthy. Men of noble houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord, claiming lands and cities as his property. The warlords made those they conquered slaves, and those they hired were in truth slaves, having only their masters to safeguard them from rival warlords seizing the lands, and sea-pirates raiding the ports, and bands and hordes of lawless, miserable men dispossessed of their living, driven by hunger to raid and rob."..thickened with the odors of antiseptics and blood, until breathing required an effort..When he closed his eyes, he saw a bowling pin, a leftover image from his with-seed days. In less than a minute, he was able to make the pin dematerialize, filling his mind with featureless, soundless, soothing, white nothingness..Acutely aware that someone with more need than patience might soon rap at the locked door, Junior dropped back into the men's room.. "Your mother's an artist. Besides, you wouldn't want to put poor Mrs. Ornwall out of a job, would you?"..He couldn't much longer take advantage of Paul Damascus's hospitality. Since bringing Wally to town, Tom had been staying in Paul's guest bedroom. He knew that he was welcome indefinitely, and the sense of family that he'd found with these people had only grown since January, but he nevertheless felt that he was imposing..At dawn, he and his mother went down to the sea, to watch the rolling waves filigreed with foam and gilded with the molten gold of morning sun, to see the kiting gulls and to scatter bread that brought the winged multitudes to earth..To the windows, then, drawing all the blinds securely down. And still, irrationally, she felt watched..The girl was creepy, no doubt about it, and Junior felt now precisely as he had felt on the night of Celestina's exhibition at the Greenbaum Gallery, when he had come out of the alleyway after disposing of Neddy Gnathic in the Dumpster and had checked his watch only to discover his bare wrist. He was missing something here, too, but it wasn't merely a Rolex, wasn't a thing at all, but an insight, a profound truth..In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself.. "Not so bad, two thousand," Tom heard himself say idiotically. "I mean, compared to nearly four million."..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate..He didn't rely on sounds to help him find his way, though here and there one served as a marker of his progress. Twelve paces from his room, a floorboard squeaked almost inaudibly under the hallway carpet, which told him that he was seventeen paces from the head of the stairs. He didn't need that muffled creak to know exactly where he was, but it always reassured him..Reminding himself that fortune favored the persistent and that he must always look for the bright side, Junior began with the city itself and with those whose surnames were Bartholomew. This was a manageable number..During the first year of her illness, she had been slowly weaned off an iron lung. Until she was seventeen, she required the chest respirator, but gradually gained the strength to breathe unassisted..Quickly, he searched for the source, but in less than a minute, before he could trace the voice, it faded away. Unlike that night in December, this time the singing didn't resume..By "all of that," he meant the groceries that she and Joey often sent along with the pies, the occasional mortgage payment they made for someone down on his luck, and the other quiet philanthropies..Never had the familiar red Bicycle design of the U.S. Playing Card Company looked ominous before, but it was fearsome now, as strange voodoo veve or satanic conjuration pattern..Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--".Agnes discovered that watching her child be totally consumed by a new enthusiasm was an unparalleled delight. Through Barty, she had a tantalizing sense of what her own childhood might have been like if her father had allowed her to have one, and at times, listening to the boy exclaim about the space-faring Stone family or about the mysteries of Mars, she discovered that at least some part of a child still lived within her, untouched by either cruelty or time..He clenched the steering wheel tightly with both hands, clenched his teeth so fiercely that his jaw muscles bulged and twitched, and clenched his mind around a stubborn determination to get control of himself. Slow deep breaths. Positive thoughts..In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner..He desperately needed closure in the matter of Naomi's death. That was what these past three years and these supernatural events were all about.. "The one I'm about to start is Dr Jekyll and Mr. Hyde, which is maybe pretty scary.".. "Why do you think he's spending his money for all this tricky stuff?" Kathleen wondered, not for the first time..If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina..Junior's attorney-Simon Magusson--insisted upon full disclosure of maintenance records and advisories relating to the fire tower and to other

forest-service structures for which the state and the county had sole or joint custodial responsibility. If a wrongful--death suit was filed, this information would have to be divulged anyway during normal disclosure procedures prior to trial, and since maintenance logs and advisories were of public record, Hisscus and Knacker and Nork agreed to provide what was requested..Jacob made more fire sounds as he stripped the clear cellophane off a second new deck of playing cards, then off a third and a fourth.. "That's correct," Parkhurst said. "Probably one or more small blood vessels ruptured from the extreme violence of the emesis.".From her Volkswagen bus in the middle of the line, Maria joined them. "In case we get separated, Agnes, I don't have an itinerary."
