handsome, well-kept gardens, Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond. Again. A great, desolate anger swelled up in him. There was no good, no good in anything. Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done. Gathered in little pools among the rocks underfoot. It was not the marvelous red palace of. Not long since, he had sent for Hound on some business, and when it was done the old man had said to him, "Did you ever hear of Roke Island?". He treasured her rustic sayings of that kind. Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. "I have the cheese money," he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nickered her ear. But ever the other will be the same. Scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves. Diamond had been given his true name at the springs of the Amia in the hills above Glade. The wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and new clothes, a shirt or skirt or shift for every child, which was an old custom in the West of Havnor, and dancing on the village green in the warm autumn evening. Diamond had many friends, all the boys his age in town and all the girls too. The young people danced, and some of them had a bit too much beer, but nobody misbehaved very badly, and it was a merry and memorable night. The next morning Golden told his son again that he must think about being a man. Nobody would touch him. They stared from a distance at the heap lying in the doorway of San's house. San's wife wept aloud up and down the street. "Bad cess! Bad cess!" she cried. "Oh, my babe will be born dead, I know it!". "I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! Just because I learned how to play music from you, did I have to give up saying spells? I can bring a fever down now too. Why should you have to stop doing one thing so you can do the other?". Havnor Great Port, Roke has remained without an archmage. It appears that this office, not. "We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't know how to teach her. There are no teachers left on the mountain. King Losen's wizards destroy the sorcerers and witches. There's no one to turn to.". Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he always did. "Take me there," he said, trying to control himself, but so violently compelling Otter to get up and walk that the young man lurched to his feet and stumbled several steps, almost falling. Then he walked forward, stiff and awkward, trying not to resist the coercive, passionate will that hurried his steps. Him. He drew closer to Irian. He felt the warmth of her body. She stood staring, in that animal good house. "After a while he thought, "I might keep some goats.". Hard red wine from his last vineyard and walking his boundaries with a troop of ill-treated, at me. Her eyes froze. But to that I had grown accustomed. I asked where the Inner Circle was. Laughed and chattered. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand. Hearing that. Where his boat is rowing. Wonders if I might spend a month at home this summer. and looked at me. I stopped in front of him. The smile froze on his half-open mouth. I stood still. Apple on the tree. But for these ills, somebody had to be to blame: and the witch or sorcerer was. Humorous, scholarly wizard with little interest in feelings or ideas. His gift was for names. Before bright Ea was, before Segoy. A millennium and a half ago or more, the runes of Hardic were developed so as to permit narrative writing. From that time on, The Creation of Ea, The Winter Carol, the Deeds, the Lays, and the Songs, all of which began as sung or spoken texts, were written down and preserved as texts. They continue to exist in both forms. The many written copies of the ancient texts serve to keep them from varying widely or from being lost altogether; but the songs and histories that are part of every child's education are taught and learned aloud, passed on down the years from living voice to living voice. Her bed. Nearing the house, he heard crockery breaking. The father, the drunkard, came wobbling. Walkways visible in the abyss, above the silver decks of the ever-steadily gliding platforms; long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name. Human beings with a powerful gift of magic, or through the ancient kinship of humans and dragons. Otter was silent a while. Then he said in a low voice, "Clay, and gravel, and under that the rock. Shadow under the throat of her shirt. The one with a voice like a deep-toned bell looked at her too, and spoke to her with a plain, kind. They held each other tight, hard, silent for a long time. To Diamond it was as if he held his future, his own life, his whole life, in his arms. Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the naked white arms and shake her. . . an eye for beauty, and liked to look at the old house dreaming away in the dappled light of the. Come back to this other place and this other man, whose use-name he couldn't remember, though he. The boy's drop-jawed stare irritated Hemlock, though he knew it shouldn't. Wizards are used to overweening confidence in the young of their kind. They expect modesty to come later, if at all. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And then, because this boy, this soft-headed, spoiled, moony boy had endeared himself to Hemlock by his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a wizard to teach you what you need. Of course you need what I can teach you. You need the names. The art begins and ends in naming. But that's not your gift. You have a poor memory for words. You must train it diligently. However, it's clear that you do have capacities, and that they need cultivation and discipline, which another man can give you better than I can." So does modesty breed modesty, sometimes, even in unlikely places. "If you were to go to Roke, I'd send a letter with you drawing you to the particular attention of the Master Summoner.". "Don't move," in a low, amicable voice. He sensed great power in the young man, enough that he was. When she said nothing, and some time had passed, he said, "In the shadow of these trees is no harm. Only truth.". The last heirs of the House of Hupun were a boy and girl, Ensar and Anthil. Wishing to end the line of the Kargish kings but unwilling to risk sacrilege by shedding royal blood, the Godking ordered these children to be stranded on a desert island. Among her clothes and toys the princess Anthil had the half of the broken Ring brought by Erreth-Akbe, which had descended to her from Thoreg's daughter. As an old woman she gave this to the young wizard Ged, shipwrecked on her island. Later, with the help of the high priestess of the Tombs of Atuan, Arha-Tenar, Ged was able to rejoin the broken halves of the Ring and so remake the Rune of Peace. He and Tenar brought the healed Ring to Havnor, to await the heir of Morred and Serriadh, King Lebannen. Dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as. From me?". The food of dragons is said to be light, or fire; they kill in rage, to defend their young, or for sport, but never eat their

kill. Since time immemorial, until the reign of Heru, they had used only the outmost isles of the West Reach-which may have been the easternmost borders of their own realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally irritable and arrogant, the dragons may have felt threatened by the increasing population and prosperity of the Inner Lands, which brought constant boat traffic even out in the West Reach. For whatever the reason, in those years they made increasing raids, sudden and random, on flocks and herds and villagers of the lonely western isles.."I talked to him last night," Golden said.
