Instead, they slow to a stop at a. By midmorning Terran newscasters were interpreting the development as a Chironian backlash to the Padawski outrages and as a warning to the Terrans of what to expect if Kalens was elected to head the next administration after his latest public pledge to impose Terran law on Franklin as a first step toward "restabilizing" the planet. Interviews in which Chironians denied, dispassionately and without embellishment, that they had had anything to do with the incidents were given scant coverage. Reactions among the Terrans were mixed. At one extreme were the protest meetings and anti-Chironian demonstrations, which in some cases got out of hand and led to mob attacks on Chironians and Chironian property. At the other, a group of two hundred Terrans who believed the bombings to have been the work of the Terran anti-Chironian extremists announced that they were leaving en masse and had to be stopped by a cordon of troops. Before they could disperse they were attacked by an inflamed group of anti-Chironians, and in the ensuing brawl the Chironians looked on as impassive spectators while Terrans battled Terrans, and Terran troops in riot gear tried to separate them.. "I hope you're not expecting an answer," Hanlon said. "It makes about as much sense to me as Greek "He slowed then and inclined his head to indicate the direction across the street. "Now, there's the fella you should be asking," he suggested.. "Shuddup," Colman hissed.. Jarvis and Chazure caught each other's eye. After a moment, Jarvis breathed a sigh of relief. Chazure returned a quick grin and went back into the command post to lean over the companel. "Lieutenant," Oordsen demanded angrily from the screen. "Where is Major Lesley? I ordered-" Chazure cut him off with a flip of a switch and at the same time closed a speech circuit to the loudspeakers commanding the lock area. "Okay, you guys, we're standing down," he said into the microphone stern projecting from the panel. "Get in here as quick as you can. We've got trouble coming up a feeder ramp on the other side.. "He's just playing on emotion, Jean. I had it on down here for a few minutes but couldn't stand it. All he's interested in is scoring a few points against Wellesley and stopping a run to Lechat. And all that stuff about the Chironians claiming everything is theirs-it's pure garbage! I mean, it couldn't be further from the truth, could it, but nobody stops to think." He frowned to himself for a moment. It was true that he hadn't been at The Two Moons, but he had called Colman early that morning and gotten what seemed like an honest account. But with Jean acting the way she was, he didn't want to mention that. "Anyhow, the facts about the shooting are on record," he said. "All you have to do is ask Jeeves.. She blotted her palms against the sheets.. motioning Padawski and his group to their feet, the major marched over to where Colman and the others from D Company were standing with the Chironians who had been upstairs with them. He had already taken their names and established that they had not witnessed the incident firsthand. "You guys are free to go," he informed them. Kath had moved away to talk to Adam, Casey, and Veronica, who were sitting together beyond the table at which Driscoll was performing. Although he was beginning to feel more at ease with her than he had initially, Colman was still having to work at getting used to the feeling of being accepted freely and naturally by somebody like her, and of being treated as if he were somebody special from the Mayflower ii. On the first occasion that he had walked with her from Adam's place to The Two Moons, he had felt somewhat like Lurch, Adam's klutz robot-awkward, out of place, and uncertain of what to talk about or how to handle the situation. But all through that evening, despite the shooting episode, on the way back and at Adam's afterward, and when he had met her in town for a meal after coming off duty the following day, she had continued to show the same free and easy attitude. Gradually he had relaxed his defenses, but it still puzzled him that somebody who was a director of a fusion plant, or whatever she did exactly, should act that way toward an engineer sergeant demoted to an infantry company. Why would she do something like that? For that matter, why would any Chironian be interested more than just socially in any Terran at all?.. "Ex-sergeant Malloy of the SDs," Swley said. "He decided he'd had enough and quit over a month ago. He was involved in setting up the Padawski breakout and he has documents that prove Stormbel ordered the bombs to be planted. He wants to go public." Swley shrugged. "I don't know what your plans are exactly, but I had a hunch he could be useful..
